

The Evaluation Framework

Working Group 1

Leaders: Simon Rüegg, Jakob Zinsstag

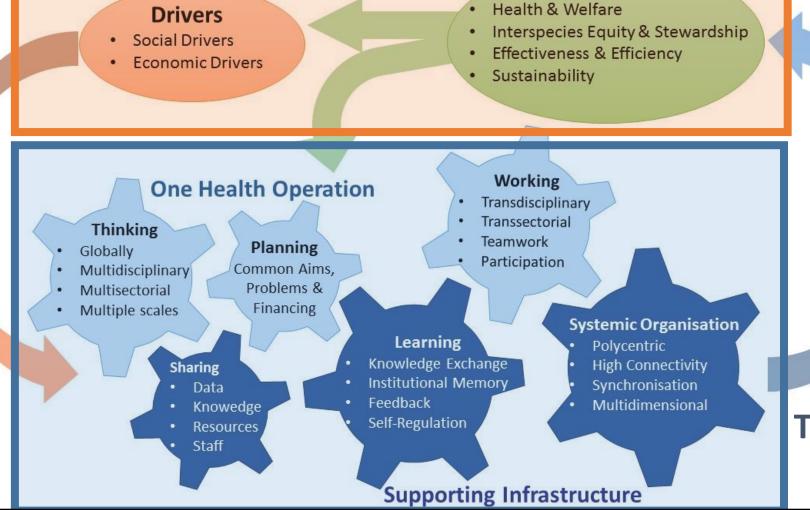

Work Progression

- Characterise One Health
- Measure One Health Characteristics
- Combine One Health Characteristics
- Draft Evaluation Framework
- Identify Gaps
- Update Evaluation Framework
- Add and develop metrics and methods
- Validate Evaluation Framework

• Test on Case Studies

One Health Characteristics

Outcomes

The Promise

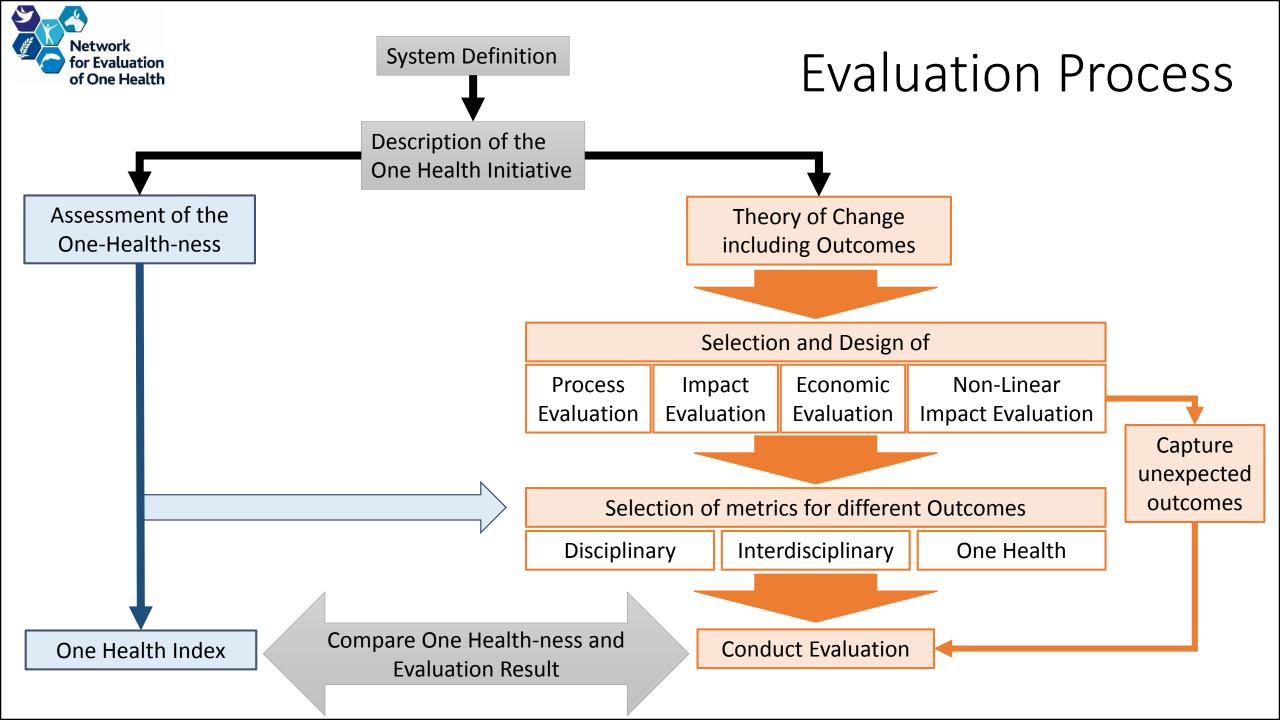

The Approach

Preliminary structure of the Framework

Chapter

- 1. Current state of evaluation of health
- 2. Approaches to health and the SDG
- 3. OH Evaluation Framework
- 4. OH Metrics and Methods
- 5. OH Economics
- 6. OH Governance

What NEOH needs from stakeholders

- Which metrics are you using currently?
- Which metrics would you like to use?
- What do you think needs to be developed by NEOH?
- What are the pitfalls in evaluation that you are aware of?
