**Learning and sharing are parts of successful One Health initiatives and pre-requisites for higher level One Health outcomes such as optimal use of health resources.**

This workshop aims to contribute to the framework and protocol for evaluation of One Health initiatives that is being developed by the Network for Evaluation of One Health (NEOH) by providing:

- 1) an overview of existing knowledge and methods on opportunities and challenges in data and information use, sharing, and examples of systems in which sharing is already underway
- 2) an introduction to evaluation methods for data and information sharing mechanisms
- 3) a discussion forum on how to further develop evaluation methods on data and information sharing methods and mechanisms in One Health research, governance and surveillance settings including quantitative measures describing barriers and accessibility of data within a community.

The workshop is relevant for all scientists involved in the development of data and information sharing methods or platforms to foster learning and knowledge exchange, and other stakeholders with an interest in how their data or information are being or may be used for sustainable human, animal and/or environmental health. It will focus thinking on the value of data sharing platforms and networks.

  - **Prof. Liza Rosenbaum Nielsen:** Department of Large Animal Sciences, Faculty of Health and Medical Sciences, University of Copenhagen: [liza@sund.ku.dk](mailto:liza@sund.ku.dk)
  - **Prof. Hans Houe:** Department of Large Animal Sciences, Faculty of Health and Medical Sciences, University of Copenhagen: [houe@sund.ku.dk](mailto:houe@sund.ku.dk)
- **Other NEOH organisers:** Dr Barbara Häsler ([bhaesler@rvc.ac.uk](mailto:bhaesler@rvc.ac.uk)), Mrs Houda Bennani ([hbennani@rvc.ac.uk](mailto:hbennani@rvc.ac.uk))
- **Number of people expected:**
  - With re-imburement: 30
  - Without re-imburement: 15  
(no participation fee applies, but participants need to cover their own costs)
  - Total: 45
- **Financial provisions for re-imburement:** The standard meeting re-imburement rules apply as defined in [the Vademecum](#) with an accommodation flat rate of EUR 120 and a meal allowance of EUR 20. It is recommended by the management committee that the flights from/to the participant's country of residence to/from Copenhagen are a maximum of EUR 500. Any return journeys that exceed this amount must be approved by the Grant Holder before booking ([bhaesler@rvc.ac.uk](mailto:bhaesler@rvc.ac.uk)).
- **Criteria for re-imburement:**
  - All NEOH-COST country members have the right to be reimbursed if they comply with the COST meeting re-imburement guidelines stipulated in the Vademecum. Should more than 30 NEOH-members apply for participation with reimbursement the organisers will select 25 based on the relevance of their contributions to the development of the work in working groups 1 and 2 of NEOH and taking into account COST criteria on gender, inclusiveness, and early career investigator status.
  - Other interested participants: The selection of these participants eligible for re-imburement according to the Vademecum will be done by the workshop organisation committee.
