E SANITÀ PUBBLICA

# Network for the evaluation of One Health (NEOH)

Grieco V., Roncada P., Häslér B.

**Network  
for Evaluation  
of One Health**

**Scientific presentation ?**  
**Scientific information !!!!!**

**One Health**  
**Interesting**  
**flexible**  
**4 year project**

# Human and animal health are increasingly affected by global challenges

Malnutrition

Emerging and endemic zoonotic diseases

Antimicrobial resistance

Environmental pollution

Climate changes

Increasing cancer rate

Network  
for Evaluation  
of One Health

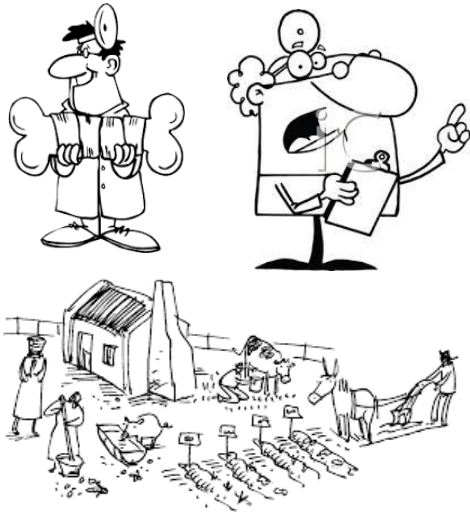

**COST**

EUROPEAN COOPERATION  
IN SCIENCE AND TECHNOLOGY

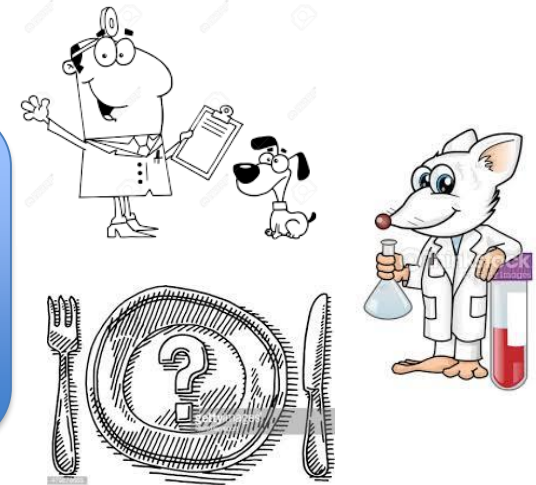

To address these complex challenges

Interdisciplinary collaboration

**One Health  
concept**

UNIVERSITÀ DEGLI STUDI DI MILANO  
DIPARTIMENTO DI SCIENZE VETERINARIE  
E SANITÀ PUBBLICA

**The field of One Health has been created**

**Important Initiatives**

**Effectiveness?  
Economic evaluation?  
Efficacy?  
Quality?**

Without a standardizing of methodologies for  
the evaluation of One Health activities

Policy Makers have poor evidence for making  
decisions on new policies or on fund allocation

New EU COST Action  
**NETWORK FOR EVALUATION OF  
ONE HEALTH**

!

Other Countries can  
be added joining the  
project through their  
National COST Office

**Each Country  
is represented by 2 members who  
participate to the management Committee**

**MC members apart, further scientists per  
Country can be included.**

**Look at website and contact your  
national MC members !!!**

**Network  
for Evaluation  
of One Health**

**COST**

EUROPEAN COOPERATION  
IN SCIENCE AND TECHNOLOGY

## The project is organized in Working Groups

**WG1:** to develop the overall evaluation framework, a One Health index and protocol

**WG2:** to apply the framework, protocol and index to One Health initiative - Case studies

**WG3:** to conduct a meta-analysis of the available case study to facilitate international comparison and the elaboration of policy recommendations

**WG4:** dissemination of the project- to seek a dialogue with stakeholders (national governments, NGOs, research organizations and industries)

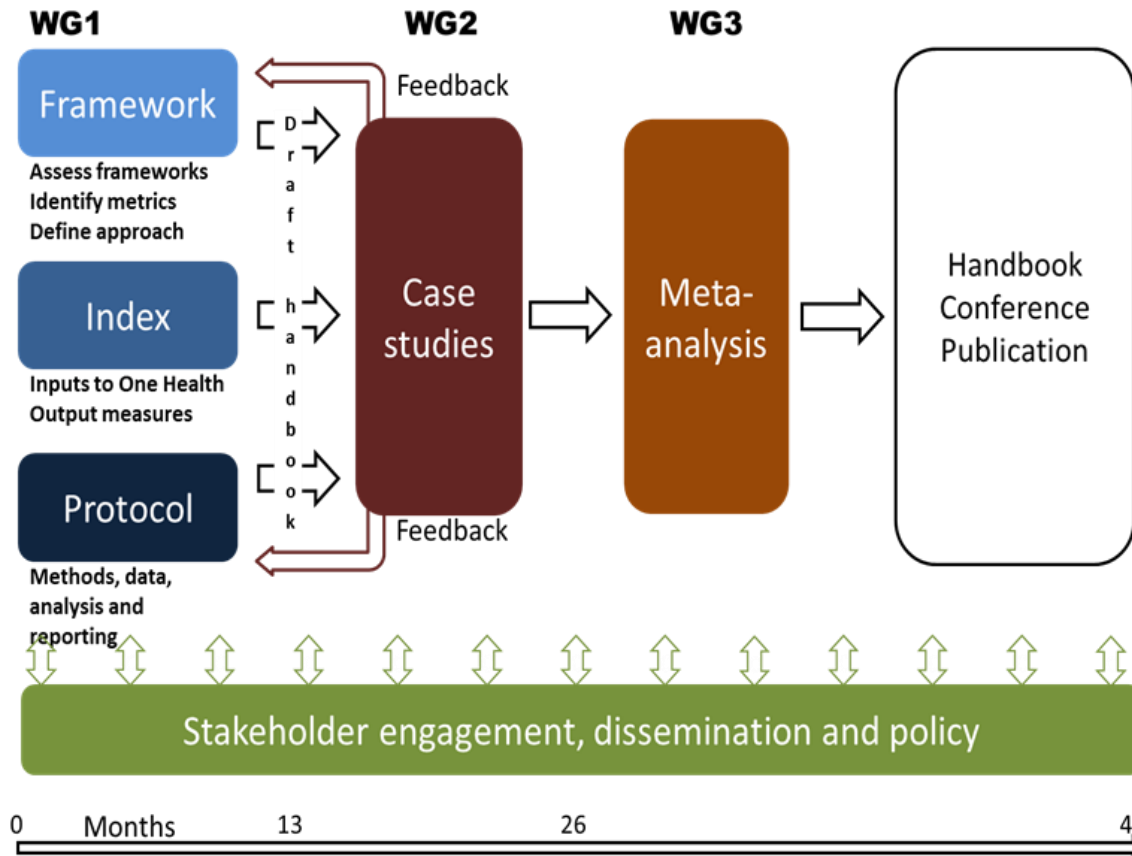

**Network  
for Evaluation  
of One Health**

**COST**  
EUROPEAN COOPERATION  
IN SCIENCE AND TECHNOLOGY

## Working groups

## Short term missions

**Great opportunity for young  
scientists!!!!**

**To spend a brief period in a lab  
of one the members**

**To give a contribute to NEOH  
and to their curriculum!!!**

# Network for Evaluation of One Health

Very interesting open project  
focusing One Health  
from a new point of view
