

BOLOGNA DECLARATION on ONE HEALTH & ECOHEALTH

Creating impact for One Health and Ecohealth: advancements in implementation, evaluation and governance

NEOH final conference – September 10-12, 2018 – Bologna, Italy

MISSION

To **gather ideas and capitalize** on the **visions** of **young-minded** people involved in OH & EH activities

QUESTIONS

- #Q1 Do you see a **difference between One Health and EcoHealth** movements? Do you feel there is a **need to agree** on one **concept/name**?
- #Q2 What are **your motivations to engage** in OH & EH?
- #Q3 **Recommendation for each gap and opportunity** you see for **advancing OH & EH**. What would OH & EH be in your sector in 25 years?
- #Q4 **Role** you would like to play in **promoting** OH & EH with your competencies?
- #Q5 Any **further thoughts** that need more discussion?

Professional Profile, first degree

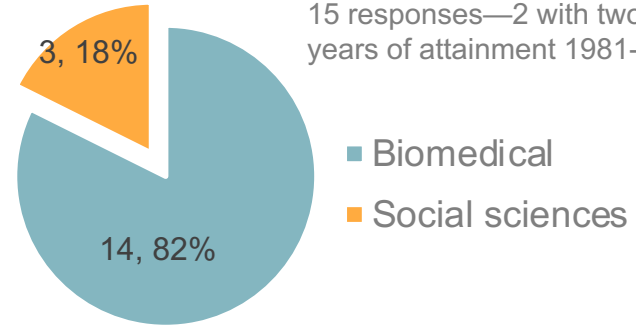

20 responses

NEOH member: 14 yes:8 no

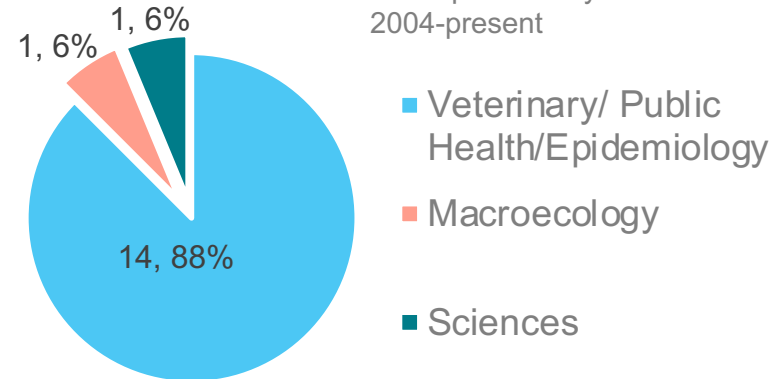

Masters

15 responses—2 with two Masters years of attainment 1981-2014

PhD

16 responses —years of attainment 2004-present

Q1 Do you see a **difference between One Health and EcoHealth** movements? Do you feel there is a need to **agree on one concept/name**?

*“these paradigms express the **intention to approach health in an integrative way**”*

*“**catalysers for transdisciplinary and cross-sectoral approaches**”*

*“it is **important not to just create a new ‘silo’ or discipline in One Health**”*

Maybe there’s a need for joint advocacy?

Q4 role you would like to play in promoting OH & EH with your competencies?

 slack

Q3 recommendation for each gap and opportunity you see for advancing One Health and EcoHealth. What would OH EH be in your sector, in 25 years?

Gaps

- **Value and belief system** at the professional and societal level
- **Policies** influencing the **roots of the problems**
- **Education** about the **roots of the problems**
- **Interdisciplinary metrics**
- **Funding**
- **Untapped human potential** in the Global South
- **Narrow** (e.g. zoonoses, physicians and vets)
- **Lack of reward** for taking a systems thinking approach
- **Engaging and communicating** with **more disciplines, cultures** and the broader community, including the **private sector, end-users and non-expert perspectives**

Bologna Declaration of _ _ _ _ _ researchers

“Be as creative as possible, and develop new previously unknown ways to study, understand and improve health for all. Great science is like great art, it emerges out of creative minds to challenge our perspective of the world”

(John Berezowski)

What do we need? What can we do for OH?

Informal/safe

- A space to capture the ideas on the periphery
- A space where 'half an idea' is ok
- A space where it is ok to have a change of opinion

Inclusive & Accessible

- Simple to understand, plain language
- Introductory level
E.g Intro to OH & NEOH framework. Equip people with ability to think of solutions
- Novel resources ('TEDtalk' style, podcasts, webinars, tweets)

Ambassadors

- Dissemination (e.g curation of scicom social media accounts)
- The next generation...
- Capitalise on student enthusiasm

Supportive

- Community of practice
- Multidisciplinary advice network
- Mentoring
- Conference networking coordination and discussion

Diverse

- Diversity for successful decisions
- Geographical, discipline, sector
